

Welcome to the Sixth Annual Northern Highlands Alumni Hockey Game!

The Highlands Hockey Association would like to thank all of you for your support throughout the years. Many of you have been supporters from our very inception 12 years ago. The Association was incorporated in November of 1996 as a 501(c)3 non-profit organization. The intention of our Association is to promote the sport of ice hockey in the Saddle River Valley area and continue to build a strong ice hockey program at Northern Highlands Regional High School. Our Association was one of the first formal hockey organizations in Bergen County and in the subsequent years more than 15 organizations have been established. The continued success of our Association is based entirely on the support of the community and the hard work of the dedicated people that devote countless hours of their time.

Our High School program has participated at the varsity level for 10 years now and at the junior varsity level for 11 years. In our first season as a Junior Varsity program our boys won the Junior Varsity Championship and have gone on to win this championship on four more occasions.

The Varsity team enters its 10th season, 6th with head coach Jason Beswick, Scott Grossman and Andrew Kramar, who bring to our school tremendous energy, pride, and hockey experience. Last year's Varsity Team was ranked second in the state for small schools. They were the first Northern Highlands hockey team to reach the quarter-finals in the state playoffs and finished with a record of 20-7-1.

This hockey program includes the rosters of the BLACK & WHITE teams. These rosters were formed randomly in order to create an enjoyable match-up. As our alumni numbers grow we will entertain various formats for team match-ups in future games.

Thanks to all attending for your support and we hope that you will plan on making this game part of your Thanksgiving Weekend for years to come.
