Shawn Osinga**

This program is dedicated to the six senior boys. Many of these boys have been playing hockey together since the 5<sup>th</sup> grade, when games started at 5:30 AM. Whether it was Highlands Recreation Hockey, travel hockey, spring & summer hockey, roller hockey, or pond hockey, they played together for fun and with fervor. They always respected & genuinely cared for one another. If they hung out with a different circle of friends, it didn't matter, they always found their way back to one another to spend time doing what they loved....Hockey, pure, fun, hockey. As more boys came into the fold, they accepted them and used their bond to lead by example. Each of them has worked for the good of the team, no one player, even if it meant less ice time. They respected each other, their coaches and their fellow team mates. They were called the Blue Collar Team, but we all know they are.....

**The Heart Team.**
